

# SPECIFICATION SHEET

## Easy Riser

The exclusive walk in bath with a luxurious reclining seat. The ultimate indulgence in comfort whilst retaining your independence to bath in your own home.

### Key Features

- The unique powered seat gently lowers you into the bath and the ergonomic back rest smoothly reclines into the perfect relaxation position
- The seat not only lifts but move forwards ensuring a closer and safer entrance and exit every time
- Integral slip resistant finish in the base of the bath for increased stability and peace of mind
- Conveniently located, easy to use foot operated clicker waste
- Wide square door with extremely low threshold, making stepping in effortless
- Easy to use ergonomic remote handset
- Magnetic door lock, easily operated at the touch of a button
- BioCote antimicrobial protection ensures both hygiene and durability are unparalleled

### Options

#### Sensory Options

- 12 Jet Air Spa – on the base and rear of the bath
- Chromotherapy, improves the mood and restores well-being
- Integrated Sound System – compatible with mobile device

#### Shower Screen

- Modern curved edge glass shower screen made with toughened safety glass

#### Fill Options – A choice of three bespoke offerings

- **Spout and hot and cold controls**
  - ✓ Fill the bath at your leisure from a seated position via the controls
  - ✓ The chrome spout is located safely at the end of the bath
  - ✓ Thermostatically controlled as standard
- **Lever taps and TMV**
  - ✓ Chrome lever taps with thermostatic valve included

#### Bath Shell Options – See diagrams on page 2 for more details.

The Easy Riser bath comes in three main options:

- **Standard** – the bath has a completely curved back and fits into a corner setting
- **Corner** – the bath has a square corner seat end and is designed for an alcove installation
- **Peninsular** – the bath has a completely curved back and comes with two side panels, making it accessible from both sides.

#### Additional Options

- **Cosmetic Box** – Quick and tidy solution when replacing a full length bath with a walk in bath
- **Colour Options** – This bespoke service allows the Easy Riser to be manufactured in any colour required to suit current suite or décor

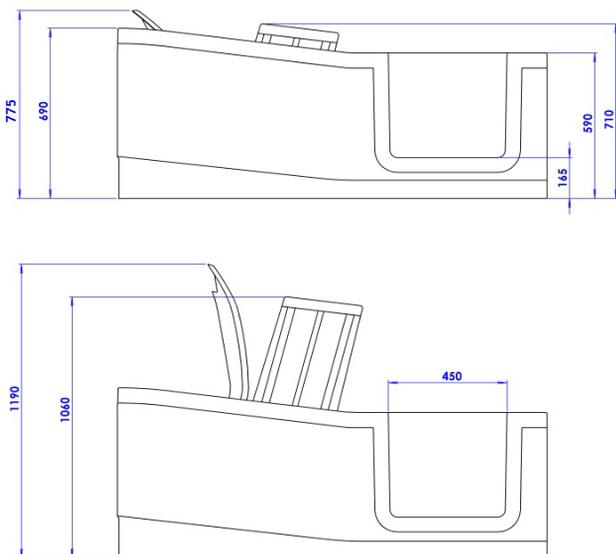

Please note, due to a product re-design, the handset now comes from the side of the bath as illustrated in the main image
