BRISTAN

Light Pulls (LP1,LP2 & LP3 C)

Fitting Instructions & Contents List

Please keep these instructions for future reference and request of replacement part

INSTALLATION

This light pull can be used to replace your old one. Follow the Instructions below for installation.

1. Identify all components and check for completeness, commencing installation.
2. Cut the old pull cord to a suitable length, as to have enough cord to tie a knot and cut off excess cord.
3. Attach the new light pull at the end with the clasp on. Thread the old cord through, then tie a suitable sized knot.
4. Pull both old cord and new chain to make sure the knot holds.

AFTERCARE INSTRUCTIONS

Your fitting has a high quality finish and should be treated with care to preserve the visible surfaces.

All surface finishes will wear if not cleaned correctly, the only safe way to clean your mixer is to wipe with a soft damp cloth. Stains can be removed using washing up liquid. All bath cleaning powders and liquids will damage the surface of your fitting, even the non-scratch cleaners.

NOTE: Never use abrasive detergents or disinfectants or those containing alcohol, hydrochloric acid or phosphoric acid.

Bristan recommend E-Cloth for cleaning all of our bathroom & kitchen products. Using just water, E-cloth gives a smear free, deep clean by breaking up and holding dirt, which normal cloths leave behind. Order through your Bristan stockist. (ORDER CODE: ECLOTH)
